Balance of State PIT Street Count Survey

This form to be completed on the night of January 30, 2019. ([CLICK HERE](#)) for the Street Count Survey Guide.
 Un-answered questions will not be "interpreted". Include notes if necessary but answer all required questions to the best of your ability.

Surveyor Name:*

Surveyor Organization/Agency: (if applicable)

County Survey Conducted In:*

City Survey Conducted In:*

**PART 1:
Encounter
Information**

Type of Survey*

- Interview Observational (I can't talk to this person.) Service Based

If unsheltered, please indicate cross-streets or relative address the survey took place:

**Part 2: Consent
Statement**

Informed Consent Statement

We are conducting a statewide survey about people who are struggling with their housing. The information you provide will be used to create a report about how many people are experiencing homelessness in our community. This report helps our community get money to create programs that help people who are homeless get housing and other services.

- Participation is completely voluntary. You can stop at any time or skip any question you don't feel comfortable answering.
- Doing the survey or not doing the survey won't change what benefits you qualify for.
- We will keep your answers confidential.
- The information you provide will be used to create a report about how many people are experiencing homelessness in our community. This report helps our community get money to create programs that help people who are homeless get housing and other services.
- If you agree to participate, I will read the questions to you and I will record your answers. It will take approximately 10 minutes to complete.

Survey Content Information

- **PART 1 – Encounter information:** In this section you will record information about who conducted the interview and whether the encounter was an interview (you talked to the person) or observational (you cannot talk to the person). If Observational is selected, questions requiring a verbal response from the interviewee will not appear throughout the survey. In addition, you will record the county in which you engaged the homeless person being interviewed as well as a physical location where the interview was recorded.
- **PART 2 – Consent Statement:** You are required to read this statement to each interviewee to be sure they have a complete understanding of what the data will be used for and that they have the right to refuse. Check the box to confirm that the consent statement was read to the respondent.
- **PART 3a – Client Information:** Record the first initial and first 3 letters of the last name of the interviewee so that we can ensure that they are not counted multiple times.
- **PART 3b – Household Type Identifier:** Record whether there is anyone in the household over the age of 24. Recording a “No,” will identify the household as a Youth Household, and will prompt Youth specific questions to be asked throughout the survey.
- **PART 4 – Sleeping:** Indicate where the interviewee said they’d be sleeping the night of January 24th 2018. This question has different response options for Youth Households. If you don’t see the specific location listed, use the other option to specify their specific answer.
- **PART 5 – Household Info:** The purpose of this question set it to determine whether the client is single or with a family also on the street.
 - The only question initially visible is “Are you in a Household?” If they answer “Yes” to that question you will then see: “Total # of people in the Household?” and “Are you the Head of Household?”
 - All household entries must begin with the Head of Household. If you are not speaking with the head of household, please complete the survey starting with the head of household.
 - Enter the total number of persons in the household, including the person you are talking to. The form has a maximum capacity of 9 household members. If there are more than 9 individuals in the household, break the household up across two surveys and add an explanatory note. You will be prompted to enter information about the same number of persons you enter for the *Total # of Persons in Household* question.
- **PART 6 – Demographics:** In this section you will enter the interviewee’s “Age Category”, “Gender”, “Race” and “Ethnicity”. Record all demographic information as reported by the interviewee, even if you observe something different. You must complete each category to submit the form, clients have the right to refuse however age is very important as youth homelessness is a particular focus in this year’s count.
- **PART 7 – Reasons for Homelessness:** Different options will appear if no one in the household is over the age of 25. Please read all options to the interviewee and mark all that they report. This question has different response options for Youth Households.

- If “*Natural Disaster*” is selected as a reason for homelessness, you will be prompted to capture which natural disaster(s) caused the homelessness.
- **PART 8 – History of Homelessness:** This section is being used to determine chronic homelessness status. It will be visible unless the interviewee is part of a household, is not the head of household, and is under 18. For everyone else:
 - You will capture “*How long they have you been living on the streets or in emergency shelters?*”, “*Number of times you have been homeless (on the streets or in emergency shelter) in the past 3 years?*” and “*Total number of months you have spent at least one day homeless (on the streets or in emergency shelter) in the past 3 years?*”
 - You will also gather “*Do any members of the household have a disability that is expected to be long-term continuing or of indefinite duration and substantially impedes their ability to live independently?*”
- **PART 9a – Disability information:** You will also gather “*Do you have a disability?*” information for each member of the household. You can mark more than one option for this question. Please read all options to the interviewee and mark all that they state that they have.
- **PART 9b – Domestic Violence:** This section will be visible unless the interviewee is part of a household, is not the head of household, and is under 18. Initially only the “*Have you been a victim of domestic violence?*” question will be visible, if you enter “*Yes*” you will then see the “*Are you currently fleeing?*” question. If they are and you enter “*Yes*,” you will get the national helpline to contact in order to connect them with immediate services to ensure their safety.
- **PART 9c – Veteran Status:** This section will not be visible if “*Under 18*” was selected for the “*Age Category*” question in PART 3. Initially you will only see “*Have you ever served in the military?*” If yes is selected, you see the *Branch of Service* and *National Guard/Reserve* questions appear.
- **PART 9d – Foster Care:** This question is asked of all survey respondents.
- **PART 9e – Notes:** This is an optional section where you may enter additional information that the interviewer or interviewee feels is important for the reviewer to be aware of.
- **PART 10 – Youth Addendum:** The youth addendum will appear only for Youth Households. Read each question to the respondent and record their answer.
- **PART 11 – Submit Button:** You must use this link to submit data when your entry is complete, you will receive an error message if a required question was not answered. If you indicated that there are multiple clients in the household you will see a next button, and then be prompted to enter the information about each additional household member.
- **PART 12 – Confirmation Page:** Indicates you successfully submitted your data, there is a link provided that will take you back to a new blank form for your next submission.
